

*Teaching ignites minds,  
learning lights the way*

Apex International School is recognized by the Rajasthan Govt. and is affiliated to the Central Board of Secondary Education (CBSE) New Delhi. It is providing ICT based teaching and learning facilities and has seamlessly blended the benefits of traditional teaching with modern education requirements thereby creating a sound learning environment for effective growth and development of the students. It is a school of 21st century where everyone is inspired to learn grow and achieve the goal. The school is dedicated to the task of multifaceted personality development in which cognitive, psychomotor and affective domains are well catered. The school has achieved astounding success and created a niche in the society by producing students who have reached highest echelons in society. With several milestones covered & feathers to their cap the dream & expectations are now far beyond the horizon.

*Education is the  
passport to the future*

Dear Students, Parents, and Educators, It gives me immense pleasure to welcome you to the Apex International School family. Education is the cornerstone of a progressive society, and at Apex International School, we are committed to nurturing young minds with the right blend of knowledge, skills, values, and creativity. Our mission is to provide a holistic education that goes beyond textbooks, preparing our students to excel in all facets of life. We believe in empowering our students to think critically, innovate fearlessly, and act with integrity and compassion. The state-of-the-art infrastructure, including our library, science and computer labs, and ATL Tinkering Lab, reflects our commitment to fostering an environment of curiosity and lifelong learning. To the parents, I extend my heartfelt gratitude for entrusting us with your child's future. Together, let us create a nurturing space where every child can thrive and shine.

Apex International School, Jaipur

*Education transforms  
potential into reality*

Dear Students, Parents, and Educators, At Apex International School, we are committed to nurturing young minds, fostering creativity, and instilling values that guide our students towards a meaningful future. Our mission is to provide an environment where academic excellence meets character building, preparing each child to face life's challenges with confidence and resilience. Education is a collaborative journey, and your active participation as parents and educators is crucial in shaping the future of our children. Together, let us continue to create a vibrant and inclusive learning community that inspires innovation, compassion, and lifelong learning. Remember, every step forward is a milestone of progress. Let's work together to empower our students to dream, aspire, and achieve greatness.

Principal, Apex International School

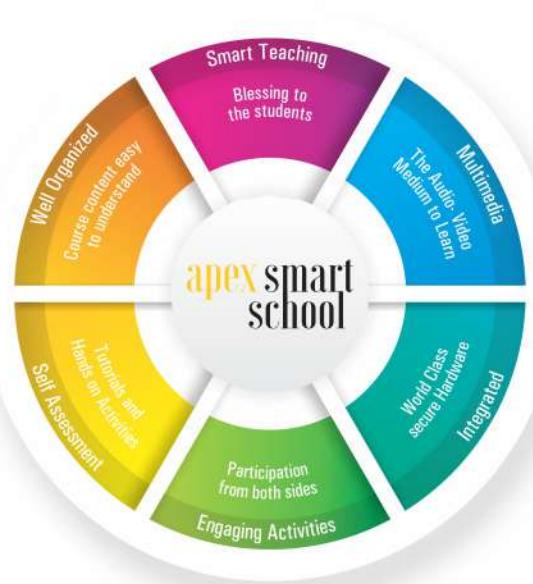

# Turning Dreams Into Reality

At Apex International school, we believe that education extends beyond textbooks. Our vision is to nurture well-rounded individuals who excel academically, grow emotionally with integrity. By blending a curriculum with state-of-the-art facilities, co-curricular activities and value-based education, we aim to foster creativity, lifelong learning, critical thinking. We take pride in our dedicated educators who work tirelessly to create a nurturing, stimulating environment for our students. The cornerstone of our efforts is the belief that every student is unique, and it is our mission to unlock their true potential while instilling confidence, resilience, and respect for others.

## Making Learning A Pleasure

Grounded on global best practices and our principles of "Individual Focus" and "Compete with Self", we strive to develop child's talent, creativity, analytical and communication skills which are essential for success.

We believe in instilling moral values & ethics, teaching essential life skills & developing right habits thus enabling our students to attain complete balanced wellness of body, mind, soul & ready to take up challenges of life.

# Learning methodology

We impart education by integrating proven, world-class teaching methods with modern infrastructure and technology. Our curriculum emphasizes on activity-based learning for which we create a suitable environment and focus on learning needs of each child rather than a predetermined set of pattern.

We add further value by inculcating a strong sense of discipline and hard work in our kids, thus nurturing them to face global challenges. The school lays strong emphasis on constructivist approach where the child is encouraged to be the architect of her/his own knowledge and turns out to be a self directed learners and Mentors act as a guide rather than instructors.

## Learner Centric

We place the student at the heart of the learning process, encouraging curiosity, critical thinking, and creativity. Personalized attention, interactive lessons, and collaborative activities ensure that every learner progresses at their own pace while developing their unique strengths.

## Competition with Self

Our philosophy emphasizes self-improvement over external competition. Students are encouraged to set personal goals, evaluate their progress, and strive to achieve their best. This approach builds confidence, resilience, and a lifelong love for learning.

## Preparation for life

Education at Apex goes beyond academics. We focus on developing essential life skills such as communication, leadership, teamwork, and adaptability. Through co-curricular activities, life skill workshops, and value-based education, we prepare students to face real-world challenges with confidence.

## Real World Application

We believe in connecting classroom learning with practical experiences. By integrating projects, case studies, and fieldwork, students apply theoretical knowledge to solve real-world problems. This experiential approach fosters a deeper understanding of concepts and their relevance in daily life.

## Interdisciplinary learning

Our interdisciplinary teaching method bridges the gap between subjects, encouraging students to explore connections across disciplines. Through thematic projects and collaborative activities, students develop a holistic perspective, enhancing their problem-solving and creative thinking abilities.

This comprehensive learning methodology ensures that our students emerge as well-rounded individuals, ready to excel in academics and life beyond school.

# Infrastructure Facility

Our learning campuses are designed by well reputed architects to provide an environment and resources vital for the 21st century education. The infrastructure aims at balancing academic & non-academic development needs of a child.

The iconic setup comprises small learning communities with outdoor learning zones instead of traditional four walled classrooms so that each child moves freely and feels secure. We ensure that our students get the best facilities & freedom which we understand is important to bring ease in learning. The state-of-the-art campus caters to seamless blend of academics, sports, performing arts, community & experiential learning program for holistic development of a child.

## Academic Infra

- Small Learning Communities
- State-of-Art Auditorium
- Library
- Language Lab
- Smart Classes
- Science Labs
- Computer Lab
- Atal Tinkering Lab. (ATL)
- Maths Laboratory
- Humanities Lab.

## Co-Curricular Infra

- Dance Studio
- Music Studio
- Art Studio
- Yoga & Meditation Zone
- Swimming Pool for Pre-Primary

## Sports Infra

• Basketball	• Chess
• Table Tennis	• Carrom
• Cricket	• Skating Rink
• Badminton	• Kabaddi

## Amenities Infra

- Cafeteria
- Play Area for Pre-Primary
- Outdoor Indoor Facilities for variety of Sports.

# Little Apexians: Play group to Prep

We are providing a happy safe and loving environment. Our curriculum is a blend of Maria Montessori Piaget's cognitive theory and Regio Emillia. We are focussing on creative learning based on developing LSRW (Listening, Speaking, Reading, Writing) skills.

Variety of activities based on current theme including painting, drawing, pasting, learning through blocks, play dough, puzzles, home corner, story telling through puppet shows and outdoor activities eg. fun on swings, sand and water play, games and dramatic play.

- Circle time - Kinesiology brain and body exercises to start day.
- Small group time with teacher directed activities involving maths, science, language, music, dance skills and pre-reading.

## Apex Stars: I to V

We strongly believe that education does not mean merely accumulation of information and knowledge rather its a comprehensive training of life. A combination of projects, real life exposure, audio-visual presentations, classroom teaching, experiential learning, community visits and brainstorming activities are used to make learning fun, exciting and interesting.

Students are encouraged to learn through enquiry and exploration. Learning also takes place through interaction with the environment, nature and people. The interactive boards which are an integral part of each and every classroom, take learning beyond the text and help children to widen their thought process with greater insight into the topics dealt. The visual perception further heightens and reinforces the educational pursuits.

## Apex Champions: VI to VIII

In middle school, learning become in-depth with diversification of subjects such as Science into Biology, Physics and Chemistry, Mathematics into Algebra, Geometry and Arithmetic and Social Studies into History, Civics, Geography. Along with English and Hindi, we also offer third language option of French. We lay emphasis on making the learners tech - savvy by including Computer and Robotics in the curriculum.

The co-scholastic areas in our school are equally important as they are integral for the overall development of the learners. We offer Music, Art and Dance (MAD), Personality Development Program (PDP) and various outdoor sports such as cricket, basket ball, badminton, skating, karate & athletics and indoor sports such as chess and carom etc.

## Apex Scholars : IX to XII

As we usher the students towards adulthood, we ensure that they are provided a sound academic training which readies them for college admissions, industry exposure and professional courses.

**Experienced Faculty:** The school houses well qualified, experienced and trained staff members who not only teach the students, but open their minds to new ideas and thoughts.

### Counseling

Career decision is the most important decision in any students life. Apexians get career counseling from certified experts to build a successful & fulfilling career based on scientific analysis of their interest and aptitude.

# Library

To introduce the students to the beautiful world of books and to inculcate good reading habits in the students, the school has fully automated library one each for the primary/ middle wing, secondary wing and the senior secondary wing.

The school library is well stocked with over 6500 books that cover all academic subjects. Besides this, there are a number of story book, encyclopedias, and general knowledge books covering all genres a reference section is also available for teachers and students computers and internet connection have also been provided in the library.

These indispensable and constantly updated resource centers fo knowledge make learning more enquiry based, effective and encircling.

# Science Laboratories

The school has well equipped physics, chemistry, biology labs with provide first-hand experience of all practical activities to each student.

These labs have a unique collection of charts, models, slides and specimens chemicals latest apparels as per the syllabus of each class. By working in the labs students learn how to make a scientific argument, conducting experiments, reviewing them closely and developing logical reasoning.

25-30 students can be accommodated at a time in each lab. During the practical periods, each class in divided in to small groups for easy supervision. There are well - qualified lab assistants who help the teacher in demonstrating experiments and providing apparatus to the students.

# ATL Tinkering Lab

The objective of ATL lab is to foster curiosity, creativity and imagination in young minds and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc. Young children will get

# ATL Tinkering Lab

The objective of ATL lab is to foster curiosity, creativity and imagination in young minds and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc. Young children will get

a chance to work with tools and equipment to understand what, how and why aspects of STEM (Science, Technology, Engineering and Math) and learn essential 21st century skill which will help them in developing their professional and personal skills. Skilled is the need of the hour and we should work towards it.

## Computer Lab

To enrich the students learning process and make them tech savvy, there are two state of the art air conditioned computer laboratories in the school. They are equipped with computers and accessories in tune with the latest technologies and have a dedicated optical fiber based broadband internet connection to cater to the educational needs of the students.

There are computers in the labs along with the latest licenced versions of the educational and computing software required for the students. Computers are used in combination with interactive whiteboards, LCD projectors for making teaching learning process student centric.

Students also uses internet facility in the computer lab to browse information for their school projects and other educational activities.

## Math Lab

The school math lab enables students to learn various mathematical concepts using over 1000 colourful collaborative activities and manipulative.

The lab caters to the learning needs of students from class 1st to 10th and provides hands on experience for the students. Through visualization of math concepts in the lab the children realate to difficult concepts in mathematics more easily. This enhances their grasping capabilities and improves their memory.

Every topic has an assessment test to find out the level of understanding. Hundreds of interactive worksheets are available for practicing concepts that help develop high order thinking skills in the students. The content of the math lab is aligned to topics as given in the school curriculum.

# Smart Classrooms

The school has Technology Enabled Classrooms equipped with interactive Smart Boards to make the day-to-day teaching learning process in the classroom more interactive, interesting and effective. These classrooms equipped with latest ICT tools help the students to comprehend difficult concepts, develop interest in various subjects, satisfy their curiosity and make the classroom learning environment more lively and fascinating. The smart class programme is run through a knowledge centre which has a repository of over 35000 digital content in different subjects in the form of presentations, animations form designmate, Videos.

# Language Laboratory

The Language Lab at Apex International School is a dynamic and interactive space dedicated to enhancing students' language proficiency and communication skills. Equipped with advanced audio-visual tools and software, the lab creates an immersive learning environment where students can practice listening, speaking, reading, and writing skills in a focused manner.

# Humanities Laboratory

The Humanities Lab at Apex International School is a unique space designed to inspire critical thinking, creativity, and collaboration in the study of social sciences, arts, and human culture. It is an interactive platform where students delve into history, geography, political science, economics, and sociology through experiential and project-based learning. The lab is equipped with maps, models, multimedia resources, and interactive tools to make the study of humanities engaging and relevant. Activities such as debates, model-making, case studies, and role-plays enable students to analyze real-world issues, understand diverse perspectives, and develop problem-solving skills.

It encourages students to become informed, empathetic, and responsible global citizens who are ready to contribute positively to society.

# Partners in Progress

As parent, you are the first teacher and can influence your child's attitude towards learning. At Apex we always emphasize on strengthening the home - school connection that will inculcate a value system in your child; enhance his/her learning capacity and pace and teach him important life-skills from an early age. Keeping 3-way communication channel open between students, parents and mentors ensures two things; one that parents get to play a direct and active role in their child's growth and two, a message is conveyed to the child that school education is extremely important.

We as teachers, in whose care you place your child's learning, take things forward; wearing several hats on the way; that of a guide, friend, & even of a parent and remain with them at every step of the way, facilitating new experiences, opening windows to the new world for them.

Learning is not just about what happens inside the school or home. Children also learn a lot from the society where they live-in along with their friends. We understand it and provide platform for the positive exposure of children with the community around by field trips, undertaking social initiatives, sharing current affairs and most importantly arranging the interaction of students with experts and institutions in the community to enrich the learning experience and keep them wanting more.

## Co-Curricular Activities

Students participate in diverse co-curricular activities, including art, music, drama, debates, and creative writing. These platforms not only nurture creativity but also foster confidence, teamwork, and communication skills.

Students also get the platform to participate in inter-school and intra school activities which includes regular exhibitions, competitions and cultural events which provide opportunities to showcase their talents.

## Sports Activities

Extensive and impressive outdoor and indoor facilities for basket ball, badminton, cricket, various athletic events, table tennis, chess and carrom are available in the school. Specialized coaches are employed to guide and train budding players and students are being encouraged to take active part in various events at district, state, national and international level.

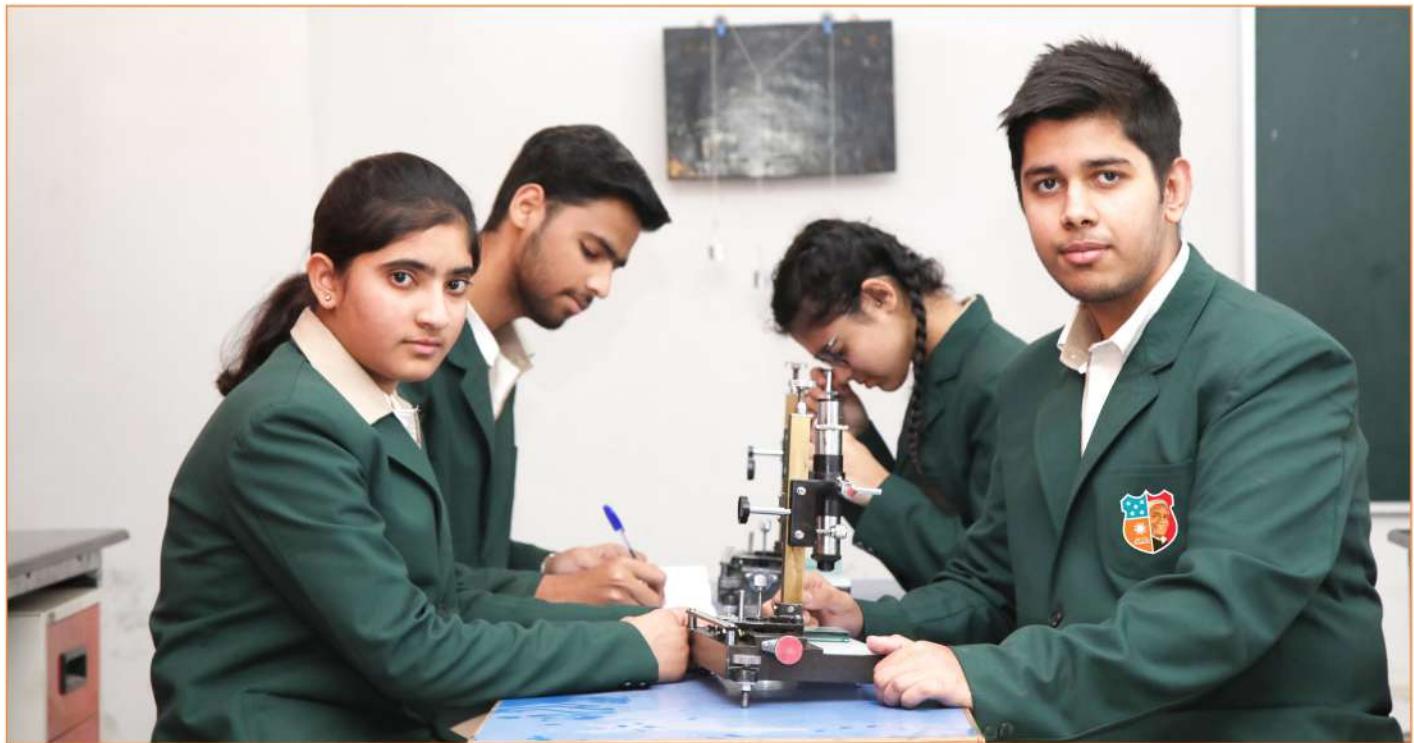

## House Activities

The purpose of the house system is to inculcate a sense of discipline and leadership amongst students and also to encourage participation of all students in very educational and co-curricular based programme. The students are divided into four Houses viz:

- 1. Sapphire
- 2. Emerald
- 3. Ruby
- 4. Diamond

The school organizes a number of inter-house competitions where the houses compete as teams against each other in various events. Points are allocated to each house based on their placings at the end of every competition as they all vie for the enviable position of the "Best House of the Year". These competitions also allow students to learn the importance of team work and to build on their leadership skills.

# Admission Guidelines

## ELIGIBILITY FOR CHILDREN UNDER GENERAL CATEGORY

- (a) The child seeking admission in play group should be 2.5 years.
- (b) After the admission of a student is declared final. The parents/guardians will be issued an admission form, which is to be submitted for final admission (along with the required document & two passport size photographs of the student) to the Principal within three days of such issuance, failing which the seat will be treated as vacant and may be filled in by the next candidate in the list of merit.
- (c) Admission of a child to the school will mean complete acceptance by the Parents/Guardians of all school rules as in force or as amended from time to time. Rules are subject to change at the discretion of the management.
- (d) Name and date of birth as recorded in the previous school Transfer Certificate/ Nagar Nigam Certificate will be considered final. No change under any circumstance will be acceptable after admission.
- (e) The management reserves the right to accept or reject any application for admission /readmission without assigning any reason.

## ELIGIBILITY FOR CHILDREN UNDER GENERAL CATEGORY

- a) The child seeking admission in Nursery should complete 3 years as of 1st April
- b) Parents/Guardians guardians will be issued an admission form which is to be filled and submitted along with all the required necessary documents at the school reception within a week. Errors in the admission form will not be accepted

## REGISTRATION

Any influence or pressure on the principal to get the student admitted will be viewed seriously and will entail cancellation of the REGISTRATION.

## RULES AND REGULATIONS

- The Parents/Guardians are required to go through the prospectus thoroughly and agree to :
  - Abide by all the rules mentioned in the school diary.
  - Deposit all fees and dues during the stipulated period announced or revised from time to time.
  - Personally see that the ward attends the school regularly and punctually in the prescribed uniform, maintains perfect discipline in the school and follows all the instructions issued by the school from time to time.
  - Ensure that the ward attends important school functions i.e. Independence Day, Republic Day, Foundation Day, Annual Function and Teacher's Day.
  - Encourage the ward to take part in all the curricular and co-curricular activities including the school excursions and tours etc. compulsorily and shall not tender any excuses for seeking exemption from them;
  - Attend all the Parent — Staff Meetings conducted by the school from time to time;
  - See that the ward does not leave the school premises during school hours except with the permission of the Principal and only under emergency conditions.
  - Accept the decision of the principal with regard to school discipline as final and binding.
  - Accept the rules applicable for parents/students which are subject to change by the principal at anytime.
  - Parents are expected to co-operate with school authorities by seeing that their children or wards prepare their lessons and by taking an active interest in the activities of the school.
  - Parents are advised that entries in the admission form especially with respect to name, date of birth, parentage and address shall be duly verified by them and certified to be true.
  - No student will be allowed to sit for an examination if he/she has not cleared all school fee/arrears due to him/her before the start of that examination.
  - Fee and other dues once paid are non-refundable, non-transferable and no claim will be entertained in this respect.
  - Students are expected to follow instructions as are notified from time to time. School authorities can impose fine, suspend a student and in serious cases, even rusticate or expel him/her from the school. Strict disciplinary action shall be taken against students who remain habitually

absent or irregular or who do not appear in the examinations/tests conducted by the school from time to time. A student remaining on unauthorized absence shall be liable to be struck off the rolls of the school.

- Parents are strongly recommended to supervise the studies of their children at home. They should sign all reports and notes sent to them in order to ascertain that they have seen the remarks. They should attend all Parent Teacher Meets to know about the performance of their child.
- Parents are advised to keep themselves abreast with latest changes, modifications in rules and regulations related to the education of their wards in the school.

## PARENTS AND GUARDIANS SHALL ALSO TAKE CARE THAT THEIR WARD DOES NOT.

- Disobey/ answer back his teachers & seniors.
- Damage/ spoil school property, furniture & walls etc.
- Bring any mobile phones, I-Pods, cameras, CD's or any other objectionable material in the school premises.
- Bring/fire crackers in the school premises
- Bring/splash colors in the school premises.
- Wear any rings, bracelets, ear rings or any other items of jewelry in the school premises. Note: The school will take disciplinary action if their ward violates any of the above.

## ATTENDANCE IN THE ACADEMIC SESSION

1. 75% attendance in the academic year is compulsory for appearing in the final examination.
2. The total number of meetings is counted from the day of the opening of the school.
3. Leave is granted in the prescribed form signed by parents/ guardians. It is to be submitted to the class teacher on the following working day.
4. In case of the sick leave for more than three days, the medical certificate must be submitted from a registered medical practitioner.
5. Continuous absence from the school for seven days may lead to cancellation of admission. Re-admission in such cases will be discretionary.
6. Students suffering from contagious diseases, will be allowed to resume the school only on the completion of the quarantine period and after producing fitness certificate.
7. It is compulsory for all the students to attend the Morning Assembly of the school.
