Pre-Primary School Nursery-Prep

We are providing a happy safe and loving environment. Our curriculum is a blend of Maria Montessori Piaget's cognitive theory and Regio Emillia. We are focussing on creative learning based on developing LSRW (Listening, Speaking, Reading, Writing) skills.

Primary School- I to V

We strongly believe that education does not mean merely accumulation of information and knowledge rather its a comprehensive training of life. A combination of projects, real life exposure, audio-visual presentations, classroom teaching, experiential learning, community visits and brainstorming activities are used to make learning fun, exciting and interesting.

Middle School- VI to VIII

The school follows the syllabus of the Central Board of Secondary Education, Delhi. It offers a comprehensive curriculum enabling the students to deal with the present and prepare for the future. Emphasis is laid on communication skills, knowledge of the contemporary world, understanding of cultural heritage, development of moral values, environmental awareness, spirit of community service and physical fitness.

Senior Secondary School- IX to XII

As we usher the students towards adulthood, we ensure that they are provided a sound academic training which readies them for college admissions, industry exposure and professional courses. The school houses well qualified, experienced and trained staff members who not only teach the students, but open their minds to new ideas and thoughts.
